

Mission Statement

[REDACTED] exist to provide quality, comprehensive health services to all the people they serve with special attention to vulnerable people and residents of public housing communities.

The following beliefs guide the work of the [REDACTED]

- ◆ **Quality health care is a right, not a privilege.**
- ◆ **Health Centers work best when they are partnerships between consumers and staff.**
- ◆ **Health education is vital to empower individuals to make choices about their health.**
- ◆ **The confidentiality of every consumer's contact with the Centers is a crucial component of providing quality care, and is the responsibility of all center staff.**
- ◆ **No one will be turned away because of an inability to pay**
- ◆ **Health care must be delivered in a competent, sensitive and compassionate manner by caring for the whole person ~ body, mind and spirit**
- ◆ **The [REDACTED] environment should nurture the staff and encourage their best performance by fostering creativity, commitment and engagement.**
- ◆ **The [REDACTED] will maintain a fiscally sound operation**
- ◆ **[REDACTED] will strive to be exemplary models of nurse-managed community based health care.**
