

MY COVID STORY

MY QUARANTINE HOBBY

I started playing basketball during COVID. I loved watching it before COVID and I loved football but during covid I had a lot of free time on youtube and I saw a lot of basketball videos so I thought I should try it out and it is a lot of fun!

THE FRIENDS I MADE

During that time of me playing basketball, I met Jr. He is my friend. He was always on the court and he's very good so he taught me how to get better. We played through out the whole pandemic.

GOING BACK OUTSIDE

When COVID died down I could go outside so that meant I could go for walks. I joined a football team and I am still in it. I am the running back, I made more friends and we always play as a team.
