Treatment of
HIV, STDs, TB, Hepatitis C and
Substance Abuse on the Border:

Linking and Keeping Patients in Care ...as Systems Change

Friday-Saturday
June 8-9, 2012

San Diego, CA

PRESENTED BY

Pacific AIDS Education and Training Center,
Curry International Tuberculosis Center,
California STD/HIV Prevention Training
Center, Pacific Southwest Addiction Technology
Transfer Center, Cardea Services, and the
US/Mexico Border Health Commission.

COURSE OBJECTIVES

Participants will be able to:

- Discuss effective ways to link and keep patients engaged in medical care, despite declining resources.
- Discuss the latest trends and treatments for TB, STDs, HIV, Hepatitis C and substance abuse.
- Review the relationship--and examine the impact and needs—of these epidemics on the border regionally and locally.
- Develop clinical interviewing skills to better treat and refer clients with multiple diagnoses.
- Obtain treatment directories and share local resources and referral networks.
- State 3 evidence-based prevention strategies to address STD and HIV transmission.
- Review current treatment options for STDs.
- Discuss research relating to vaccines for HPV.
- Review diagnosis and current treatment options for TB and LTB1.
- List differential diagnoses of common STD syndromes.
- Discuss diagnostic testing options and recommended treatment of STDs.
- Identify strategies to assess and improve HIV oral health for non-dental providers .
- Review Revised Recommendations for HIV Testing and “Opt-out” testing strategies.
- Understand the Low Income Health Program (LIHP).
- Obtain bilingual fact sheets for HIV/STD/TB patients returning to Mexico and HIV fact sheets for 6 Central American countries.
- Understand which patients are eligible to receive a Binational TB Card.
- Identify 3 strategies for using the Internet as a training, referral and retention resource.
- Discuss updated information regarding the HIV epidemic in Mexico.
- Review online resources for clinicians.
- Understand Medical Home Models and how they help keep patients in care.
